BLOK GROUP STRENGTHENS THROUGH PARTICIPATION OF N2-ENTERPRISE

Velsen-Noord, 27 March 2017

The Blok Group with manufacturing facilities in Velsen-Noord and Someren, announced today that it has found N2-Enterprise prepared to invest in its business. With N2-Enterprise the Blok Group has not only assured itself of a financially strong investor, but also gains access to 60-years hands-on knowledge and experience at the highest level in the area of service-, manufacturing- and assembly industry including finance, according to Erik Blok, CEO of the Blok Group.

N2-Enterprise declared to be very pleased with its participation, enabling it to help strengthen the position of the Blok Group as innovative provider of premium industrial products and services.

The Blok Group founded in 1985 is distinctive in engineering, prototyping, production, assembly, industrial services and 3D metal printing.

With over a hundred motivated, experienced and well-trained employees, the Blok Group is widely recognized as a reliable, first-tier supplier to original equipment manufacturers.
